

Dear Parents and Carers

We are in the process of assessing the children and would like your help with the area of technology. At the end of reception children should be able to

- Complete a simple program in the computer/iPad/tablet.
- Use ICT hardware to interact with age appropriate computer software.
- Recognise how a range of technology is used in places such as homes and schools.
- Select and use technology for a particular purpose.
- Choose technological opportunities around him/her as a tool to enhance/extend his/her learning.

We are sure that your child uses all sorts of technology at home that we don't have the opportunity to assess in school. It would help us enormously if you could take a few minutes to complete this questionnaire and return it to school by Monday 22<sup>nd</sup> May. Thank you for your continued support.

	Yes	No
Can your child use a remote control? e.g. changing channels, turning volume up down, pausing a programme etc.		
Can your child use a CD or DVD player? e.g. insert disc, play CD, skip forwards/backwards tracks, stop CD etc.		
Is your child able to take a photograph using a camera/phone?		
Does your child use a computer at home? Please state what they use it for: eg		
Does your child use an iPad and/or tablet at home? Please state what they use it for:		
Does your child have any other electronic toys at home that they enjoy playing with? If so please list below e.g. electronic keyboard, remote controlled car, children's laptop, Nintendo DS etc.		
Are there any other forms of technology that your child uses that you would like to tell us about?		

Technology Questionnaire May 2017
