

Geography Y5/6 Summer Term

A Country Study

You are going to research and find out about a country of your choice. You might decide to present your work in a word or publisher document OR a lap book (examples can be found here: <http://showerofroses.blogspot.co.uk/p/lap-book-links.html>). You can email the completed project back to us.

Use the questions below to give your project some structure.

1. Country name:
2. Capital city:
3. Population (number of people who live there):
4. Official language(s):
5. Area (how big is the country in km²):
6. Gross National Income per capita (this is a measure of wealth):
7. Life expectancy (this is a measure of health)
8. Literacy (this is a measure of education)
9. Human Development Index Rank (this is a measure of overall development)
10. Currency:

5 other interesting facts about your country:

Also, you need to find the following:

- a) A map showing the major cities within your country (including the capital)
- b) An image of the flag of your country and an explanation for the flag design.
- c) 3 other images showing interesting features of your country and its landscape. At least one image must be rural and one urban
- d) how would you get there from our country? Can you plan a route? How far away is it? What transport would you need in order to get there?

Have fun finding out about another amazing country!
