

Dear Parents/Carers,

I hope you are all well.

As some of you may be aware, it is Bike to School Week next week. We currently have some bikes that need to be made road safe so we are asking if any parents/carers with a knowledge of bikes would be available to come in at some point next week to do an activity with some of the children to show them how to repair bikes / make sure they are safe etc.

If you would be interested, please could you email the school office via admin@minchschoo.net

Thank you as always for your support.

Best wishes,
School Office
