### **Advice to All Parents - Covid cases**

Dear Parents,

We have been made aware of several members of our school community who have tested positive for COVID 19.

We are monitoring the situation closely. The people who have been in close contact or in the same class with the individuals who have tested positive, have been asked to be vigilant about symptoms and carry out lateral flow tests daily over the coming days.

Please see the other letter attached here updating you about how to respond to symptoms. For further information about Covid please see <https://www.nhs.uk/conditions/coronavirus-covid-19/>

Please get in touch if you have any further questions

Yours sincerely

Head Teacher
