

MARLING SCHOOL

I was very proud to become Headteacher of Marling School in January 2022.

At Marling School, we respect our traditions while being forward thinking and progressive. We are ambitious for our students and they thrive in a vibrant academic environment that provides pace and challenge. They feel safe and supported to engage with new ideas, to think deeply, to take risks and be aspirational.

Our school motto is *Abeunt Studia in Mores* which we translate to mean "Let us go forward through study to character". Our aim is to develop within all Marlingtonians, character values including intellectual curiosity, resilience, respect and kindness.

I am consistently struck by the exceptional quality of the relationships here among both students and staff. Our purpose is to bring out the best of every child who comes to school as described in our mission statement: *raising aspirations, inspiring excellence, succeeding together*. Our success in doing so depends on those relationships.

I look forward to welcoming you to the school to one of our open events. When you visit, I am sure that you will be impressed by the openness and warmth of welcome you receive. We want our students to enjoy school and I am confident that you will see how enthusiastic and engaged they are in their education and how proud they are of their school.
