### **Minutes:**

A review of the qualities of a school councillor:

- Someone with good/creative/realistic ideas that could improve the school
- Someone who is friendly and approachable
- Someone who appreciates others ideas/ is a good listener
- Someone with a willingness to get the job done

### **How will the Council operate?**

Everyone gets the opportunity to talk if they want to. Orla told us about holding a toy frog in PSHE. The person who is holding the Frog gets the chance to speak without being interrupted.

Milo suggested using Counters so when someone wants to speak that person puts the counter in the middle.

**Action: Tilda to be responsible for sourcing an object to hold for anyone who wishes to speak.**
