Minutes:

A review of the rules of school council:

1. Actively listen - (Really listen to what others are saying.)
2. Be respectful of each other's ideas and opinions.
3. Maintain a calm environment.

What would make a difference to School Life?

School Council were asked to think about what would make a difference to them in School. This was a circle time activity with paired discussion and group sharing of ideas

1. To be given proper time from teachers to speak when in talk partners
2. Better School dinners - Pasta not very popular / School dinners to cater for people with allergies
3. A Buddy bench for the playground
4. Show respect to younger pupils as no one is more important than another
5. Quiet room / Calm Zone at lunch times for those requiring a calmer place to settle
6. Beanbags in classrooms

7. Restorative Justice - is it the most effective way to sort out disagreements?

Mr Moss felt that an idea that we could implement immediately was a calm space or Den for children who needed a quieter space at lunchtimes.

Discussion was had to how this might work including implementing booking systems or having a number of dens.

The following members of school council volunteered to help run this space on a rota basis:

Raife
Edward
Missy
Lucia
Heather
Hentry
Sophia
Alice
Danny
Arthur
Bonnie
